Coronavirus Disease 2019 (COVID-19)

The Cal OES State Operations Center (SOC) activated 03/02/20 at 0700 hours in support of the California Department of Public Health (CDPH) Medical Health Coordination Center's (MHCC) statewide response to COVID-19. Cal OES will continue to provide resource coordination for the COVID-19 event, as well as situation status reporting and advance planning across multiple areas.

Situation Overview

- **California State of Emergency Proclamation**

On 03/04/20, Governor Gavin Newsom declared a State of Emergency for California, as a result of the global COVID-19 outbreak that began in December 2019, to make additional resources available, formalize emergency actions already underway across multiple state agencies and departments, and help the state prepare for broader spread of COVID-19.

- **CDPH Statewide Travel Advisory**

As of 06/15/21, CDPH and the CDC recommend delaying travel until persons are fully vaccinated. For more information: [CDC Travel Guidelines](#)

SITUATION SUMMARY

CESRS and FIRENET

Until further notice, Field Staff have no ability to connect to the California State Warning Center outside the Sacramento area. As part of the microwave update, Public Safety Communications has severed microwave paths that supported the CESRS and FIRENET networks.

- As an alternate means to reach field staff when cellular or other methods are unavailable, the MSAT vehicle mounted Satellite system is available. The system provide push-to-talk talk groups to allow staff to communicate during an emergency.
- Please contact the Cal OES Telecom Duty Officer or the Regional Communications Coordinator for any assistance. This will only allow for local communication between Duty officers and field staff on these networks.
- This microwave communications update does not affect CLERS.
- There is no date for restoration of these systems.
- If there is a change, TACCOM will send out notifications.
